

KIEFFER | STARLITE'S SERVICE AND MAINTENANCE CAPABILITIES

As part of being your turnkey partner in elevating your brand, Kieffer | Starlite is proud to offer a range of service and maintenance solutions to ensure your brand creates the right impression.

HOW WE HELP

- **Preventative Maintenance Programs**
We can create a preventative program designed to address common maintenance issues, so you are proactively protecting your brand image.
- **Repairs and Restorations**
We can troubleshoot your issue and provide options on the best repair plan. Lighting conversions are also common to extend the life of the sign and reduce future maintenance costs.
- **Storm & Natural Elements Damage**
Unexpected damage from storms or the natural elements over time creates the need for sign and lighting repair. Our team is on-call to provide repair support with safety and an efficient repair plan to get your brand image back on point.
- **Nationwide Reach**
Our signage expertise, paired with a dedicated team and extensive network of sign technicians, we provide support coast to coast.

COMMITMENT TO TIMEFRAME AND BUDGET

- 48-72-hour response time on most service calls
- Cost-effective plans tailored to your specific needs

CAREFUL ATTENTION TO BRANDING

- Understanding of the importance of your image and your sign's "uptime"
- Careful attention to detail
- A wide range of service capabilities for signs big and small

EXTENSION OF YOUR SIGN'S LONGEVITY

- Peace of mind that comes with a trusted partner
- Scheduled customer reporting periods based on preference
- One-stop shop for maintenance and service needs

Kieffer | Starlite stands ready to help you maintain your sign and brand image long after installation.
